

# i4

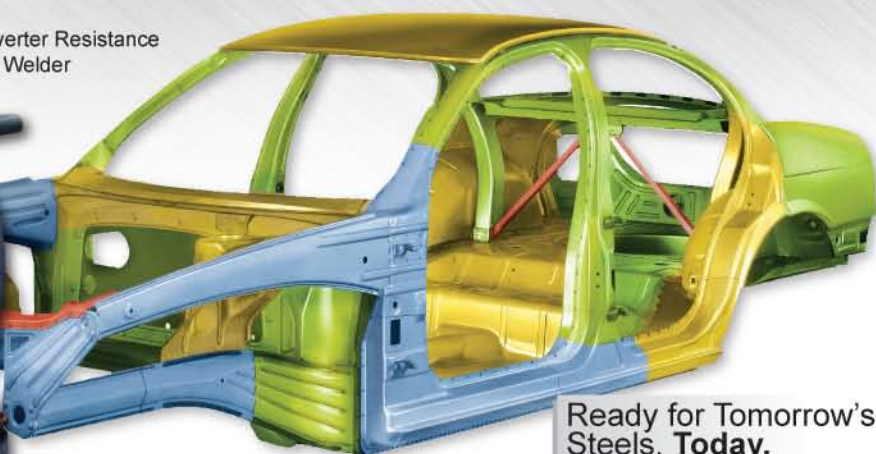

PRO SPOT

## Quality, Approved, Made in the USA.

The i4 Inverter Resistance Spot Welder is designed to handle the difficult-to-weld materials such as boron steels and advanced high strength alloys (AHSS). These new metals are rapidly becoming the material of choice among car manufacturers and our technology is ready to meet their demands.

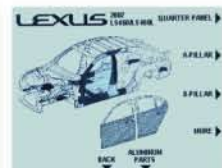

i4 Inverter Resistance Spot Welder

Ready for Tomorrow's Steels, Today.

Over 3,500 Pro Spot i4 OEM repair procedure screens onboard.

We consistently release new repair procedures & features so you'll never have an obsolete welder.
